Memo from the Kansas City Clinical Oncology Program IRB to all research personnel and study participants:

As of April 1, 2011 the Kansas City Clinical Oncology Program IRB contact phone number has changed. Please disregard the previous phone number (816-823-0560) and accept the new contact number of 913-948-5588.

Since this change does not affect subject safety, re consent is not needed.

Very truly yours,
